Scholarships for education, research and work in Europe

The Erasmus Mundus INDia To Europe (EMINTE) Scholarship Programme offers scholarships for academics, staff and students of Indian nationality.

Students, teachers, researchers and staff will have the opportunity to study, teach or work at one of ten prestigious universities in Europe.

The scholarship covers travel costs, insurance, tuition fee and living expenses.

Explore your possibilities!

Information about application procedures and deadlines:
http://www.eminte.eu

LUND UNIVERSITY

With the support of the Erasmus Mundus Programme of the European Union
Study, work or do research in Europe - Fully funded scholarships

What is EMINTE?

Erasmus Mundus INdia To Europe (EMINTE) is a scholarship programme designed to fund academic mobility of students and staff of Indian nationality to Europe. The programme is part of a larger EU-programme (Erasmus Mundus Action 2) with the aim to promote institutional cooperation and mobility activities between Europe and other parts of the world.

Fields of study

You can apply for a variety of fields of study at the ten European partner universities. For the complete list of available courses/programmes and positions, visit http://www.eminte.eu

Prioritised fields of study within this project are:

- Health, water and sanitation
- Energy and infrastructure
- Environment studies and natural resource studies
- Social welfare
- Education and teacher training

Who can apply?

The EMINTE scholarships are open for mobility for Indian nationals. Applicants must belong to one of the target groups. Undergraduate applicants must have finished at least one year of study.

Target group 1

Nationals of India registered as students or staff at one of the partner universities.

Scholarships are available for academic/administrative staff and students/researchers on undergraduate, master, doctoral and post-doctoral levels.

Target group 2

Nationals of India registered at an Indian higher education institution that is not included in the EMINTE partnership, or having obtained an university degree or equivalent at an Indian higher education institution.

Scholarships are available for academic/administrative staff and students/researchers on master, doctoral and post-doctoral levels.

Target group 3

Nationals of India who are in particularly vulnerable situations, including scheduled casts/tribes, other backward classes and people with disabilities.

Scholarships are available for students on undergraduate, master and PhD levels.

How long is the duration of the scholarship?

- Undergraduate: 1-2 academic semesters
- Master: 1-4 academic semesters
- Doctorate: 1-6 academic semesters
- Post-doctorate: 6-9 months
- Staff: 1 month

How and when do I apply?

The online application can be accessed via the project website. Read more about application procedures and requirements on:

http://www.eminte.eu
