We are conducting a study in three states (Maharashtra, Tamil Nady and Chhattisgarh) in India to understand the knowledge and difficulties faced during menstruation and menstrual hygiene management (MHM) while girls are in schools. We would like to understand the knowledge, attitudes/perceptions, beliefs, and practices with regard to menstrual hygiene management of girls at school and their interactions with Water, Sanitation and Hygiene (WASH) facilities and conditions at the school. The study will gather information about the MHM from school girls, boys, teachers, parents and key stakeholders.

We are looking for a person to manage the project and also can contribute in analyzing, writing, over seeing the field staff etc. during the project period.

We require a person with Ph.D/Mphil/MPH/MD from any social science and health background for the position of Research Associate for about one year.

Renumeration: Maximum of Rs. 45,000, depending on previous experiences.

Last date for application: April 10, 2015

Interested candidates can send in your CV to the following email address:

Prof. Harshard Thakur: harshad@tiss.edu
Dr. Sivakami, M: sivakami@tiss.edu
Dr. Narendra Kakade: narendra.kakade@tiss.edu
